Data & Integration: SQL • Alteryx • REST APIs • ETL pipelines • Data warehousing concepts

Methodologies: Agile (Scrum, Kanban, SAFe) • Waterfall • PMBOK • Prince2 (conceptual) • RAID management

PROFESSIONAL EXPERIENCE

Lead Project Manager, EMEA | SaaS & MarTech Implementation

Cheetah Digital by Marigold • Madrid

Jan 2022 – Feb 2026

Ran high-risk enterprise SaaS and MarTech programmes across EMEA and owned the Global PMO: governance standards, change control and delivery controls. Accountable for programme outcomes, financial performance and executive relationships across concurrent engagements.

- **Client satisfaction:** Client satisfaction up 35% (PepsiCo) and 50% (Smartbox Trade) through delivery stabilisation and proactive stakeholder management
- **Cost overrun:** Cost overrun down 40% and timelines compressed 43% through change control discipline and PMO process standardisation
- **PMO governance:** Delivery standards defined and adopted globally; managed risk, scope and financials across concurrent programmes
- **AI delivery:** Automated PM workflows using n8n, Make and Airtable; applied LLMs to risk analysis, reporting and meeting notes — 3-4 hours saved per week
- Mentored PMs and ran continuous improvement across the EMEA delivery function
- **Clients:** PepsiCo, Smartbox Trade, Hiscox, Arsenal FC, Aviva Ireland, The White Company, Reach PLC, Kraft Heinz

Senior Project Manager, EMEA | SaaS & MarTech Implementation

Cheetah Digital by Marigold • Madrid

Jul 2019 – Jan 2022

Ran enterprise SaaS and MarTech programmes end-to-end across EMEA. Primary point of contact for the client across engineering, product, customer success and client teams across multiple time zones.

- Full project lifecycle from discovery and solution design through deployment and post-launch stabilisation
- Requirements workshops translating business needs into MarTech platform configuration and delivery plans
- Partnered with Solution Architects and Customer Success to drive adoption and operational readiness
- **Clients:** Tiger Brands (South Africa), Tradelinn, Riu Hotels, MetLife Spain & Portugal, Idealista, Leroy Merlin, Thomas Sanderson

Senior Manager, Client Onboarding & Implementation

Cheetah Digital by Marigold • Madrid

Sep 2016 – Jul 2019

Built the client onboarding and implementation function in Spain from nothing. Designed the delivery process, defined KPIs, created change control and requirements matrix frameworks, and led a team of Solution and Technical Architects. The model was adopted across the EMEA organisation.

- **Cost overrun:** Cost overrun from 150% to 105% and average delivery from 7 to 4 months through requirements matrix and change control — adopted as the global delivery standard
- Designed onboarding workflows, reporting frameworks and performance KPIs used across the team
- **Clients:** Prensa Iberica, Riu Hotels, Real Madrid, Emailing Networks

Technical Project Manager

Experian Marketing Services • Madrid

Dec 2013 – Sep 2016

Delivered SaaS and MarTech platform implementations end-to-end. Coordinated Data Engineers, Solution Architects and Technical Architects across all workstreams. Translated business requirements into implementation plans and managed budgets throughout.

- Single Customer View builds: data cleaning, enrichment, budgets and timelines
- Cut operational task time by 25% and automated reporting, reducing generation time by 50%
- Pre-sales technical scoping for new opportunities
- **Clients:** Unidad Editorial, Leroy Merlin, Idealista, AON, Cortefiel, Grupo Inditex

Technical Account Executive

Experian Marketing Services • Madrid

Aug 2011 – Dec 2013

Managed 50+ client accounts across finance, retail and telco running MarTech and cross-channel campaigns.

- Pre-sales: Vodafone, Banco Santander, Decathlon, Estee Lauder
