EXECUTIVE SUMMARY

Senior Programme & Engagement Manager with 15+ years leading enterprise SaaS implementations across EMEA. Proven track record with Tier-1 clients including PepsiCo, Arsenal FC, Banco Santander, Real Madrid, Kraft Heinz and Hiscox. Trusted to build delivery functions from scratch, design PMO governance, and turn around underperforming programmes: reducing implementation timelines by 43%, cutting cost overrun from 150% to 105%, and increasing client satisfaction by up to 50%. Actively integrates AI-augmented workflows (n8n, Make, LLMs) into programme delivery, saving 3–4 hours per week on reporting and risk analysis. Seeking Senior PM, Programme Manager, Engagement Manager or Solution Architect roles in Madrid or fully remote across EMEA.

CORE COMPETENCIES

Delivery & Programme	Stakeholder & Commercial	Solution Architecture & Technical	AI-Augmented Delivery
- Complex Programme Delivery - Multi-Workstream Coordination - Agile & Waterfall - Cross-Regional EMEA Delivery - PMO Framework Design	- Executive Stakeholder Management - Financial & Commercial Oversight - Risk Mitigation & Escalation - Pre-Sales Support - SOW & Change Control	- SaaS Platform Architecture - Requirements Translation - Solution Design - Data Integration - Cross-Channel Marketing Platforms	- PM Workflow Automation: n8n, Make & Airtable - LLM-driven Risk, Stakeholder & Report Generation 3–4 hrs/week saved via automated reporting - Conversational Agent Prototyping & Deployment - Generative AI integrated into delivery workflows

PROFESSIONAL EXPERIENCE

Lead Project Manager, EMEA | SaaS Implementation Jan 2022 – Feb 2026

Cheetah Digital by Marigold · Madrid

Promoted to Lead PM within the EMEA Delivery organisation, owning high-risk enterprise SaaS implementations and shaping the Global PMO through standardised governance frameworks and delivery procedures.

- Clients:** PepsiCo, Smartbox Trade, Hiscox, Arsenal FC, Aviva Ireland, The White Company, Reach PLC, Kraft Heinz.
- Client satisfaction:** improved by 35% (PepsiCo) and 50% (Smartbox Trade) through delivery stabilisation and proactive stakeholder management.
- Cost overrun:** reduced by 40% and FoC timeline by 75% through process optimisation and rigorous change control.
- PMO governance:** defined delivery standards adopted globally; managed risk, scope and financials across concurrent programmes
- Mentored PMs and led continuous improvement initiatives across the EMEA delivery function.
- AI-augmented delivery:** implemented automated PM workflows using n8n, Make and Airtable; applied LLMs systematically to risk analysis, stakeholder reporting and meeting documentation, saving 3–4 hours per week and increasing output quality across concurrent programmes.

Senior Project Manager, EMEA | SaaS Implementation Jul 2019 – Jan 2022

Cheetah Digital by Marigold · Madrid

Promoted to regional delivery role leading end-to-end enterprise SaaS implementations across EMEA, serving as primary client-facing authority and coordinating cross-functional teams.

- Clients:** Tiger Brands (South Africa), Trade Inn, Riu Hotels, MetLife Spain & Portugal, Idealista, Leroy Merlin, Thomas Sanderson, The White Company.
- Managed full project lifecycle from discovery and solution design through deployment and post go-live stabilisation.
- Owned client relationships, risk, scope and timelines across multiple time zones and business units.
- Facilitated requirements workshops, translating business needs into platform configuration and delivery plans.
- Partnered with Solution Architects, Technical and Customer Success teams to drive adoption and operational readiness.

Senior Manager, Client Onboarding & Implementation *Sep 2016 – Jul 2019*

Cheetah Digital by Marigold · Madrid

Built the entire client onboarding function in Spain from scratch, leading a team of Solution and Technical Architects and establishing the processes, KPIs and templates that defined a scalable implementation practice.

- **Clients:** Panda Security, Prensa Ibérica, Riu Hotels, Real Madrid, Emailing Networks.
- **Cost overrun:** reduced from 150% to 105% and average delivery time from 7 to 4 months through requirements matrix, change control and project closure processes.
- Designed end-to-end onboarding workflows, reporting frameworks and performance KPIs adopted across the team.
- Directed and mentored Solution and Technical Architects, aligning client requirements with platform capabilities.

Technical Project Manager *Dec 2013 – Sep 2016*

Experian Marketing Services · Madrid

Led SaaS Cross-Channel Marketing Platform and Data Integration implementations, coordinating Data Engineers, Solution Architects and Technical Architects across all workstreams.

- **Clients:** Unidad Editorial, Leroy Merlin, Idealista, AON, Cortefiel, Grupo Inditex, G+J.
- Managed Single Customer View builds, data cleaning, enrichment, budgets and delivery timelines.
- Reduced operational task execution time by 25% and automated reporting, cutting generation time by 50%.
- Supported pre-sales with technical expertise for new opportunities.

Technical Account Executive *Aug 2011 – Dec 2013*

Experian Marketing Services · Madrid

- Managed 50+ client accounts across finance, retail and telco, designing, implementing and optimising Email Marketing and Cross-Channel campaigns.
- **Clients supported in pre-sales:** Vodafone, Banco Santander, Decathlon, Estée Lauder.
